WASTE TREATMENT PLANT PROJECT REQUEST FOR INTEREST

Weed Control Services

Requisition Number: 24590-NP-FSR-AL00-00007

Submit Interest By: January 23, 2025 Quality Level: NP (Non-Permanent)

Award Type: Fixed Unit Rate

ESTIMATED SCHEDULE Through January 2026 with Option Years

Issue Request for Proposal: Forecasted February 2025
Award and Notice to Proceed: Forecasted April 2025

PROJECT DESCRIPTION AND LOCATION

The Hanford Tank Waste Treatment and Immobilization Plant (WTP) is a complex of radioactive waste treatment processing facilities designed and constructed by Bechtel National, Inc. for the Department of Energy (DOE). The facility will process the Hanford Site tank waste and convert the waste into a stable glass form.

The Project site is located in the 200 East Area of the Hanford Reservation near Richland, Washington, along the Columbia River. The site elevation varies from 662 to 684 feet above mean sea level. Ambient temperature range is -23 degrees F minimum to 113 degrees F maximum, with relative humidity of 5% minimum to 100% maximum. The project design life is 40 years.

SCOPE OF WORK

The SUBCONTRACTOR shall perform Work including the following:

SUBCONTRACTOR shall provide all products, equipment, and licensed staff to apply appropriate chemical application of selective and nonselective herbicide and pre-emergent materials for the maintenance and control of unwanted vegetation at the WTP Project Construction Site.

SUBCONTRACTOR shall perform vegetation control services in adherence and registration with all authorities having jurisdiction including the State of Washington and United States Departments of Agriculture and Ecology. All material shall be applied in strict compliance with all applicable Federal, State, U.S. Department of Energy and Hanford Site requirements as well as WTP Project procedures and regulations. Maintain treated area free of vegetation above 4" in height and shall meet the performance requirements of the approved Application Plan. Mechanical removal of loose and attached vegetation will be provided by WTP.

Each material applicator shall have a current, valid Commercial Pesticide Operators license issued by the Washington State Department of Agriculture (WSDA) and be directed by a person currently licensed to apply Commercial Pesticide and Herbicides.

SUBCONTRACTOR understands and agrees to perform any portion of each item of authorized Work as the stated unit or fixed lump sum price, which shall constitute full payment for authorized Work. Supplemental labor, equipment, and material requirements will be authorized consistent with job needs and Subcontract requirements.

QUALITY ASSURANCE (QA) REQUIREMENTS

	• •
Programmatic Qua Jobsite will be:	ality Assurance (QA) requirements for subcontracts or purchase orders performed in the WTP
	X Non-Permanent or Temporary Work - Generally no QA program required Commercial Quality - Based on DOE Order 414.1C Nuclear Level Quality - Based on ASME NQA-1 2000

Bechtel may require, as an element of bidder pre-qualification, submission of a representative sample QA Program or Table of Contents copy.

CODES AND STANDARDS

SUBCONTRACTOR shall perform vegetation control services in adherence and registration with all authorities having jurisdiction including the State of Washington and United States Departments of Agriculture and Ecology. All material shall be applied in strict compliance with all applicable Federal, State, U.S. Department of Energy and Hanford Site requirements as well as BNI procedures and regulations.

BIDDER REGISTRATION AND PRE-QUALIFICATION

The BNI Acquisition Services Subcontracts/Purchasing group is responsible for collection, evaluation, and internal publication of potential bidders' information for the purpose of pre-qualifying them to bid on any particular subcontract or purchase order.

As part of this process, BNI requires all potential offerors to register at the Supplier and Contractor Portal at: https://www.Bechtel.com/supplier/

If your company has registered previously, then only supplemental information should be sent to the Bechtel National, Inc. representative noted below.

Information to be provided by potential bidders must include:

- Dun and Bradstreet Number
- Company Name
- Company Address
- Contact Phone Number
- Contact Person
- Email Address
- Safety Data and Information
- Applicable Work Experience and Projects
- Size of Business (Small, Large)

WTP BACKGROUND
